 **QSTATION**  
Sydney Harbour National Park - Manly

# GHOST TRACKERS

*kids parties!*

Spook your friends with a ghostly birthday experience at Q Station!

Ghost Trackers Tours are designed for children aged between 8 – 14 years and their accompanying adults. The tour runs for 2 hours through some haunted buildings of the old Quarantine Station including the hospital, the morgue, autoclaves and shower block.

The Ghost Trackers Tour experience can be expanded for parties to include room hire for one hour before the tour with chairs, trestle tables and black tablecloths. This is a great place to mingle, play some games, open presents or eat cake before you set off on your ghost tracking adventure. (Please note that this is a heritage listed building and it must be treated with care and left in the same state it was received in – no Blu-Tac or sticky tape can be used on the walls).

## Upgrade your party!
